PROFESSIONAL SUMMARY:

Frontend Web Developer with 6+ years of experience delivering scalable, high-performance web applications. Skilled in React.js, TypeScript, and modern frontend architecture to build clean, maintainable systems. Strong Agile collaborator adept at transforming complex requirements into reliable user experiences.

SKILLS:

- HTML
- CSS
- JavaScript
- React.js
- Next.js
- Tailwind CSS
- TypeScript
- Node.js
- Express.js

WORK EXPERIENCE:

Frontend Web Developer | CIMB Niaga — Mar 2019 – Feb 2026

(OCTO Web & Internal Configuration Portal)

- Engineered and maintained high-availability UI features for the OCTO Web internet banking platform using React.js and TypeScript, optimizing transaction flows and overall UX.
- Built and optimized an internal configuration portal using Vue.js, centralizing administrative settings and reducing operational configuration errors.
- Resolved critical frontend bugs and performance bottlenecks across platforms to enhance stability, responsiveness, and data-handling reliability.
- Collaborated closely with Backend, QA, and Product teams in an Agile environment to consistently deliver secure, production-ready releases on schedule.

EDUCATION:

Bachelor's Degree in Computer Science / Informatics — Sep 2014 – Aug 2018

Universitas Indraprasta PGRI (UNINDRA)

- Coursework focused on core algorithms, object-oriented programming with Java, relational database design (MySQL), and software architecture.
